### **Sign up for our services**

Sign up for our services online and you will be able to view all of your account information and begin submitting new accounts immediately. This system allows you to view your accounts online and gives you up-to-the-minute information concerning our collection efforts.

Graham Enterprises, Inc. is a licensed and bonded collection agency, and Mississippi Corporation established July 21st, 2000. As one of the leading collection agencies in the nation we provide top quality service to our clients, and a variety of solutions to make the collection process easy and more efficient. New innovations, security, and excellent service is what sets us apart from our competitors.

### **Our commitment**

A debtor's decision not to pay you takes place well before your decision to turn them over for collection. In most cases it's within sixty days from the time the debt is incurred. Our agency

provides much needed data to your company by allowing you to view financial reports, submit new debts, and search existing accounts on-line in real-time 24 hours a day! The services provided to you by our agency are designed to make the recovery process faster and more efficient for your company and us when we are recovering your past due accounts.

You can be assured that we will do everything legally possible to collect the money your company has worked so hard to earn. Our methods are some of the most profitable found in the industry.

Our agents are respectful and courteous when performing any collection task. We do not tolerate rudeness, or disrespectfulness to a debtor! We believe this only leads to unnecessary conflict, and lengthens the time it takes to get your money collected.

### **Collections & Payments**

Payments are remitted on the last business day of every month. You will receive a check, and an itemized statement listing each account your check is for. We believe this makes it easier for your accounting department when posting payments.

### **Be aware when choosing**

Don't be fooled when a collection agency offers you a discounted rate for there services. Its true are rates are not the cheapest. However, you will not find a more qualified collection agency to handle your past due accounts, and it's like we always tell our clients, an 88% return on nothing is still nothing. We work hard for our clients and it shows.

### **Free up your staff...**

We work on a contingency bases making it very profitable for your company to use us in the collection process. Freeing up your staff helps your business grow, and your profits rise. We are trained and have the experience needed to get your money for you. Let us turn your problems in to solutions that bring revenue to your business.
